OTTERBINE DISCOUNTS

The following discount programs are offered by Otterbine

Manufacturer Replacement Program (10% Discount)

Customers replacing a competitive manufacturer's aerator or fountain system with an Otterbine system can receive a 10% discount on a new unit. Proof of other manufacturer's product must be provided to Otterbine via the serial number of the competitive unit. Units qualifying for this program must be dropped shipped to the customer site and the customer's email must be provided at time of order.

Loyalty Program (\$175-\$1000 OFF NEW Systems)

THE LOYALTY PROGRAM HAS BEEN REDESIGNED FOR 2019! This program is offered to existing customers as a thank you for their continued loyalty to Otterbine. Those eligible to receive discount will have an Otterbine product that is beyond its warranty period. To receive the discount, you must provide the serial number of the customer's existing product, along with the customer information for product registration at time of order, including the customer's email address. This is so we can send them a note to thank them personally! Loyalty suggested list discount amounts will be published on the public section of the Otterbine website. Below are part numbers and pricing for you to include on PO's.

PATTERN GUARANTEE

Available on 1HP-5HP Aerating Fountains

The unique staged pumping system of the Aerating Fountains allows for easy interchange between patterns, so if the customer is not satisfied with the original pattern purchased simply let Otterbine know within 30-days of installation and a new pattern will be sent. (Customer is responsible for freight, labor and other costs associated with converting the patterns.) Call the factory for additional details.

Aeration Line: (Sunburst, Gemini, Saturn) Any pattern purchased under the aeration line can be swapped for another pattern within the aeration line.

Decorative Line: (Comet, Constellation, Equinox, Genesis, Omega, Phoenix, Rocket, & Tri-Star) Any pattern purchased under the decorative line can be swapped for another pattern within the decorative line.

"PICTURE-IT" IN YOUR POND

Online App to Visualize Otterbine Patterns in Any Pond

This online app is an excellent tool to use when putting together customer proposal and quotes. In 3 easy steps you can upload and place any of our patterns on a photo, by establishing the scale the patterns will resize per the horsepower and pattern selected. Visit www.otterbine.com to use it today!

Have an iPad or tablet, this app can be used on site to offer real-time options to your customer!

Ordering:

Orders must be received from Otterbine distributors in email or faxed form, and an acknowledgment will be emailed or faxed for every order. Please review for accuracy. All orders to include quantity, Otterbine part number and description, as well as the total length of power cable required if applicable.

Email: orders@otterbine.com

Fax: 484-550-6677

Drop Shipments:

All Drop Shipment requests require contact information for the delivery site. This includes name of contact and contact phone number for delivery.

Price:

All prices are in US Dollars and subject to change without notice. We will make every effort to provide advance notice of price changes. Please check the pricing on the order acknowledgment you receive after placing an order; it will be the invoiced price.

Service Center Discount:

Authorized Otterbine Service Centers receive an additional discount on eligible parts when their combined total is a minimum of \$50 USD. (Eligible parts are notated in the "SC Disc" column with a Y.)

Terms:

Terms of sale are NET 30 days unless otherwise accepted by Otterbine. All invoices not paid by the due date will be subject to a service charge of 1.5% per month (18% annual percentage rate). All invoices paid by credit card will incur a 4% processing fee.

POWER UNIT

MOLDED SEAL HUB
ANGLED MOTOR BASE PLATE
(Units June 2014 - Current)

NOTE: (2) Ty-raps per capacitor BP2874*10

Can be purchased as complete power unit - see part numbers on pages 4-5

Part Numbers can be found sequential on pages 4-10

SEAL HUBS (PRIOR TO JUNE 2014)

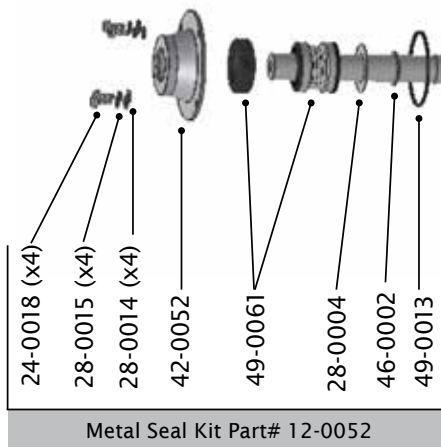

All part numbers listed in these drawings are still available.

MOTOR BASE PLATE (Units Prior to June 2014)

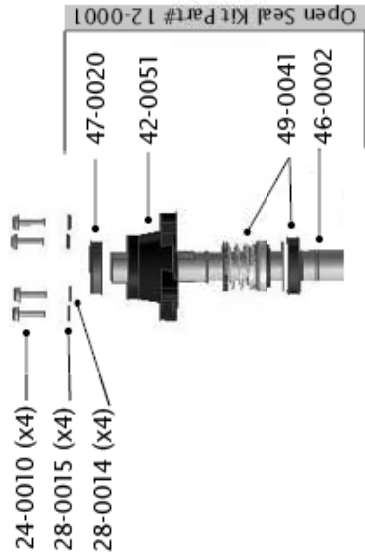

NOTE: The above motor base plate is discontinued and no longer available. Units with Metal Seal Hub's can easily retrofit to the new Angled Motor Base Plate with Molded Seal Hub, for older units please contact the factory for your options.

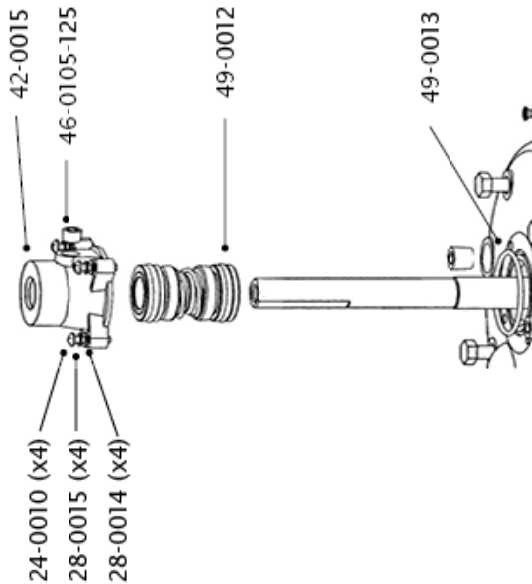

METAL SEAL HUB + (Units March 2010 - May 2014)

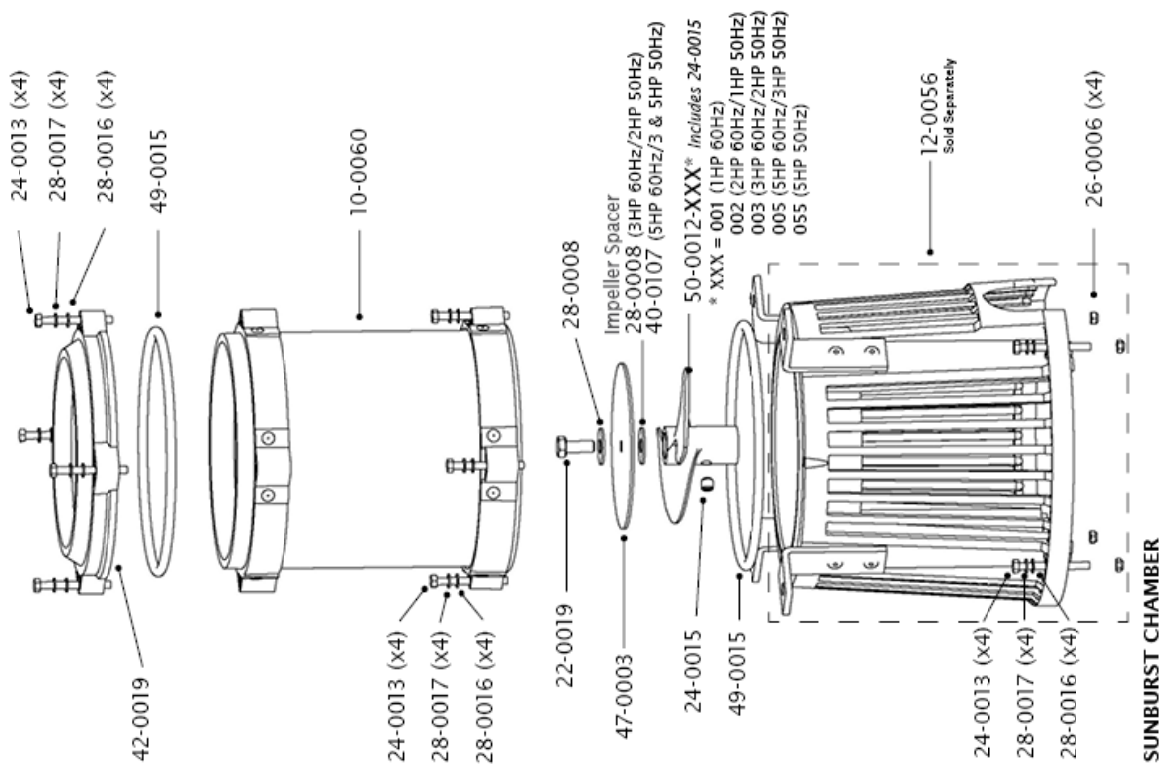

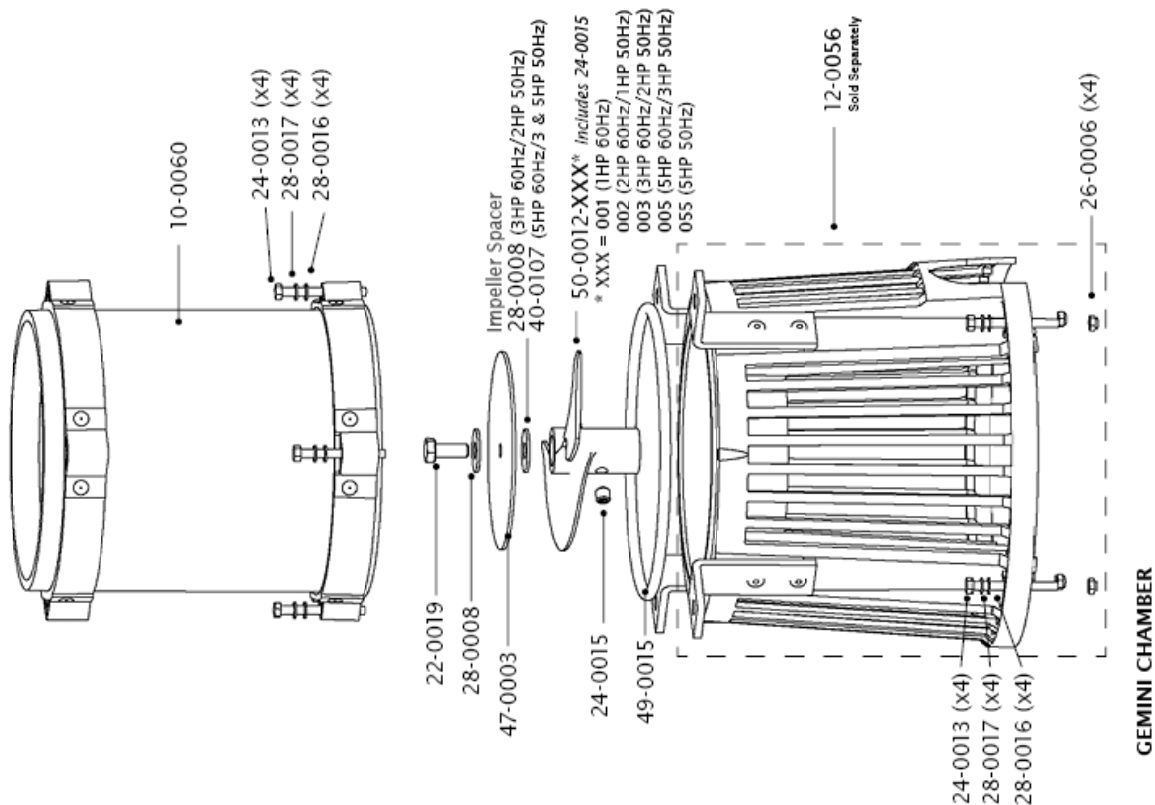

OPEN SEAL HUB + (Units 2007 - March 2010)

CLOSED SEAL HUB + (Units Prior 2007)

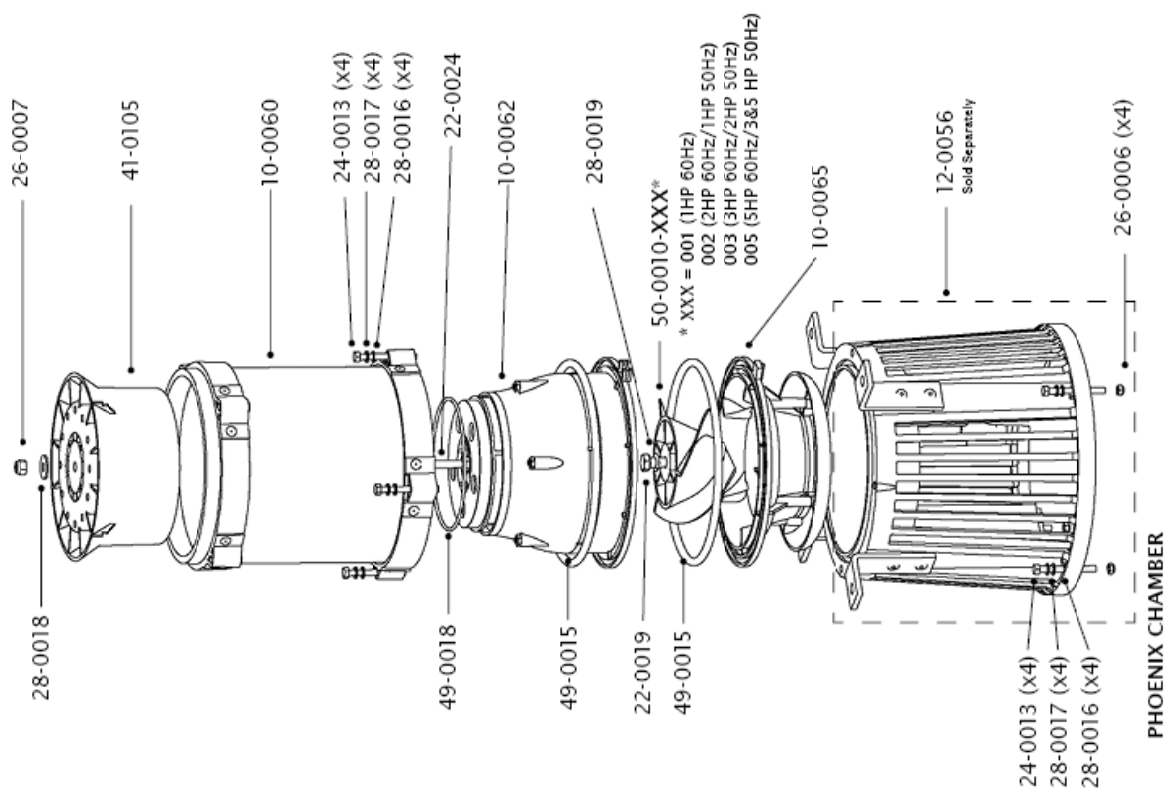

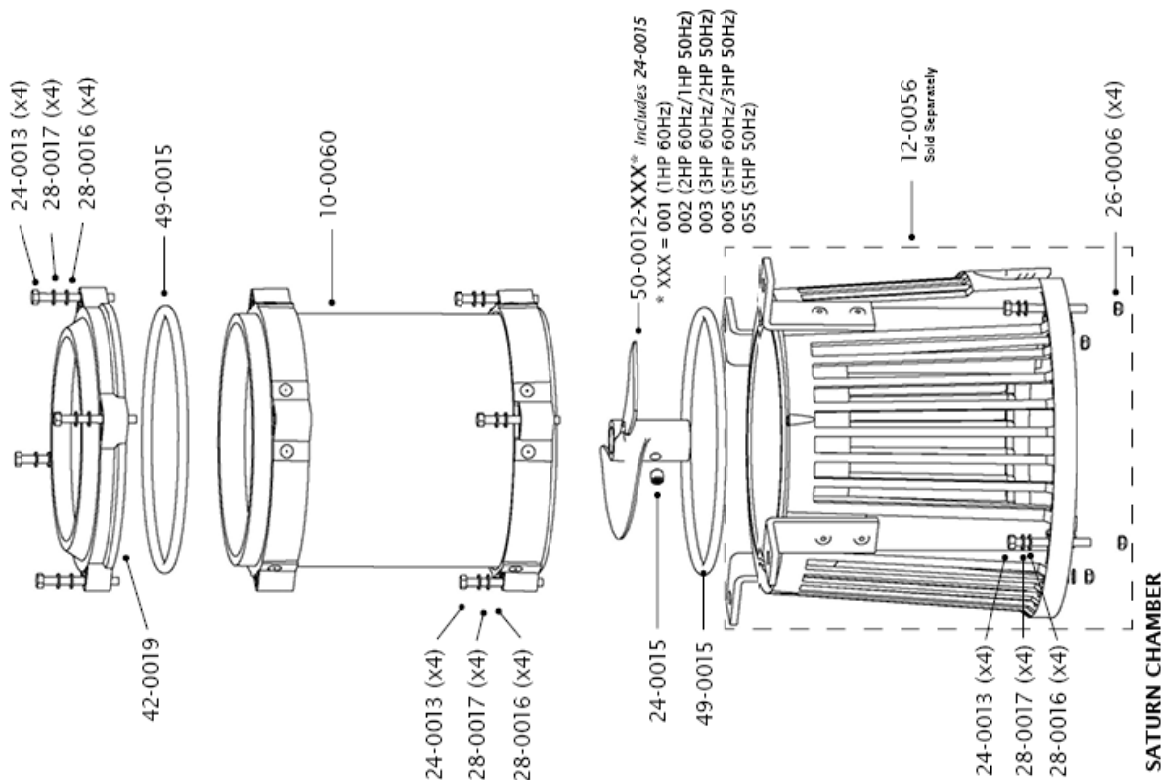

+ Seal Hubs Vary by Year Manufactured

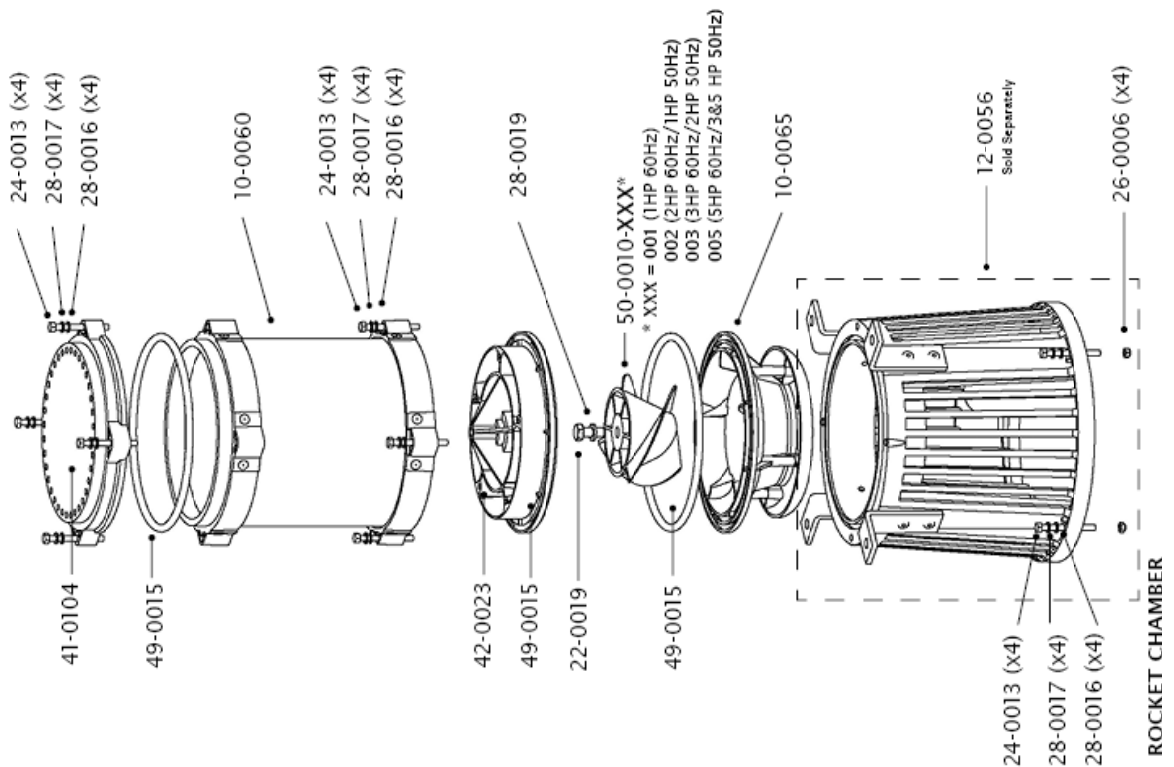

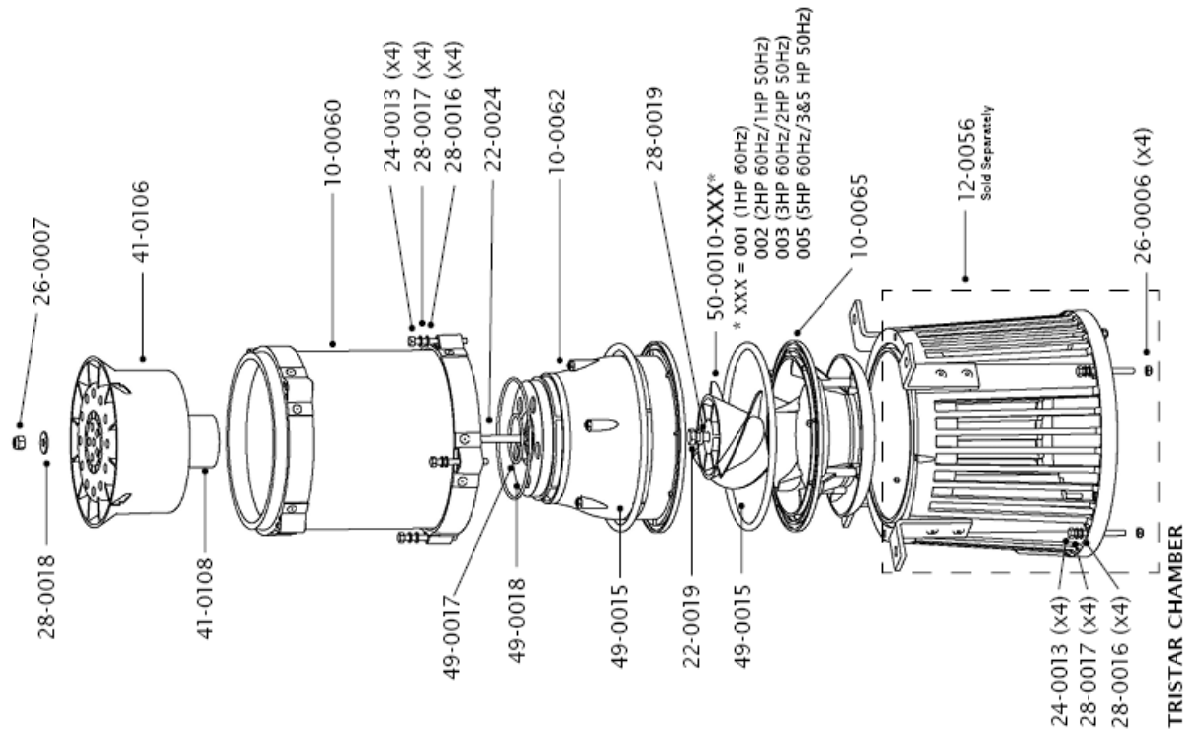

Can be purchased as complete chamber - see part numbers pages 5-7
 NOTE: Standoff Strainer (part number 12-0056) is not part of pump chamber assembly.
